Two Needs that Define a Happy and Fulfilling Marriage for HUSBANDS:

1. Significance – demonstrated by showing him RESPECT!
2. Sex – it is to him what romance is for you!

What Every Husband Wishes His Wife Understood:

1. My sex drive is powerful, persistent, and normal!
2. My desire for sex is no more selfish than your legitimate need for affection!
3. Sex reassures me in my manhood!

What Most Husbands Need:

1. Training
2. Positive reinforcement

How to Respect Your Husband:

1. By submitting to his God-given leadership role
2. Don't dominate him
3. Don't dishonor, criticize, or deflate him...especially publicly
4. Communicate your appreciation for his positive qualities

➤ This command to respect is unconditional!
